ECON 101 - 008: Introduction to Economics
 Professor Boone A. Turchi
 Fall 2019

TA Office Hours:

Thinking about the world from an economic perspective doesn't always come naturally. So, over the course of the semester, you may find it helpful to reach out to a TA. If you should want to do so, you should first try to contact the TA responsible for your recitation section, but if his/her schedule doesn't align itself with your own, you should feel free to contact any of the other TAs for this course. They're all available to help you, and their office hours are listed below.
